GLOBAL BUYER EDIT

SP1317

CLASSIC BROWN, BROWNED DETAILS

Design Concept

SP1317 is a classic cat-eye sunglasses with a brown frame and brown lenses. It features a simple and elegant design, suitable for everyday wear. The frame is made of high-quality plastic, and the lenses are made of UV400 protective material. The temples are also made of plastic and have a slight curve for a comfortable fit. The overall look is timeless and versatile, making it a great choice for both men and women.

SP1074A

CLASSIC SHAPE. REFINED DETAILS.

Design Concept

SP1074A Vintage oversized cat-eye front frame is made of glossy tortoise CPX material, with delicate dotted trim along the upper rim to add exquisite detailing. Gradient amber lenses block ultraviolet rays and harsh sunlight, presenting a warm soft tone. It adopts a mixed structure of acetate front frame plus slim rose gold metal temples, greatly reducing overall weight. Curved temple ends fit the ear naturally for stable and fatigue-free wearing.

SP1316

CLASSIC SHAPE. REFINED DETAILS.

Design Concept

SP1316 This pair adopts high-gloss tortoise-pattern CPX material, crafted into an exaggerated wide square cat-eye shape with distinctly flared outer corners for a strong retro street impression. The gradient brown lenses can effectively resist ultraviolet rays and scattered glare, softening the visual brightness outdoors. The integrated temples keep the tortoise texture consistent with the front frame, and the bent tail design fits the ear curve naturally, bringing steady and comfortable wearing experience.
