SP1312A

CLASSIC SHAPE, REFINED DETAILS

Design Concept

SP1312A This oversized square sunglasses is made of classic tortoise-pattern CP material with high gloss finish, possessing timeless vintage feeling and excellent structural stability. A thin golden metal strip is embedded at the bridge of temples as subtle, decisive detail. Equipped with brown gradient lenses to soften harsh sunlight and fully block UV radiation. CP material features outstanding wear resistance and color retention, not easy to deform or fade after long-term wear. The ergonomically curved temple tips fit the ears lightly to avoid slipping, perfectly matching holiday trips, daily outings and retro-style fashion occasions.

GLOBAL BUYER EDIT

The range combines tortoise acetate, polished metal, aviator classics and bold luxury silhouettes, giving buyers a high-value assortment with strong visual variety.

Each model is presented with its complete original spec sheet so buyers can review frame shape, color options, material notes and sizing clearly.

- Premium lens tint, metal finish and frame color
- Logo, temple detail and fitting adjustment
- Case, cloth, pouch, label and retail packaging

- Luxury-leaning assortment for quick review
- OEM/ODM support from sample to shipment
- Strong fit for boutique, travel and online retail

SP998A
METAL BROW CAT EYE

SP1074A

CLASSIC SHAPE. REFINED DETAILS.

Design Concept

SP1074A Vintage oversized cat-eye front frame is made of glossy tortoise CPX material, with delicate dotted trim along the upper rim to add exquisite detailing. Gradient amber lenses block ultraviolet rays and harsh sunlight, presenting a warm soft tone. It adopts a mixed structure of acetate front frame plus slim rose gold metal temples, greatly reducing overall weight. Curved temple ends fit the ear naturally for stable and fatigue-free wearing.

SP1316

CLASSIC SHAPE. REFINED DETAILS.

Design Concept

SP1316 This pair adopts high-gloss tortoise-pattern CPX material, crafted into an exaggerated wide square cat-eye shape with distinctly flared outer corners for a strong retro street impression. The gradient brown lenses can effectively resist ultraviolet rays and scattered glare, softening the visual brightness outdoors. The integrated temples keep the tortoise texture consistent with the front frame, and the bent tail design fits the ear curve naturally, bringing steady and comfortable wearing experience.

SP1317

CLASSIC SHAPE. REFINED DETAILS.

Design Concept

SP1317 Crafted from glossy tortoise CPX material, this slim rectangular cat-eye frame features soft raised edges for a delicate retro aesthetic. Gradient brown lenses effectively filter UV radiation and ambient glare, delivering mild eye protection outdoors. Tortoise patterned temples are fitted with tiny metal accents at the hinges, paired with curved tips to fit snugly and comfortably during daily wear.

SP1329

CLASSIC SHAPE. REFINED DETAILS.

Design Concept

SP1329 Crafted from high-gloss solid black CP material, this slim rectangular frame adopts an ultra-wide integrated temple design to deliver bold Y2K streetwear aesthetics. Solid gray tint lenses block UV radiation and harsh ambient glare effectively. The thickened frame structure brings strong three-dimensional presence, while CP material ensures excellent shape retention, scratch resistance and long-lasting glossy finish, preventing deformation and fading with prolonged wear. Ergonomically curved temple tips fit the ears closely for stable wearing. It is perfectly suited for fashion shooting, daily street styling and outdoor sun protection scenarios.

SP1382

CLASSIC SHAPE. REFINED DETAILS.

Design Concept

SP1382 features a wide rectangular sunglass shape with a smoke-toned finish. Slim champagne-metal temples keep the overall profile light while contrasting with the solid front. The CPX front construction is paired with temples made of 22NI and stainless steel, fitted with rubber-tipped screws, delivering a polished everyday-wear build. The result is a confident sunglass style with clear and distinctive product character.
