SP1329

CLASSIC SHAPE, REFINED DETAILS

Design Concept

SP1329 crafted from high-grade solid black CP material, the slim rectangular frame adopts an ultra-wide integrated bridge design to deliver solid Y2K streetwear aesthetics. Solid gray lens lenses block UV radiation and harsh ambient glare effectively. The thickened frame structure brings strong three-dimensional presence, while CP material ensures excellent shape retention, scratch resistance and long-lasting glossy finish, preventing deformation and fading with prolonged wear. Exponentially curved temple tips fit the ears closely for stable wearing. It is perfectly suited for fashion shooting, daily street styling and outdoor sun protection wearables.

A versatile lifestyle sunglasses program for daily fashion, travel retail and online eyewear buyers.

GLOBAL BUYER EDIT

Why this collection works

The range balances black commercial frames, tortoise lifestyle classics, sport accents and metal browline styles for buyers who need wearable variety with broad market appeal.

Product direction

Each model is presented with its complete original spec sheet so buyers can review frame shape, color options, material notes and sizing clearly.

Customization options

- Lens tint, frame color and material planning
- Logo, temple detail and fitting adjustment
- Case, cloth, pouch, label and retail packaging

Buyer advantages

- Commercial assortment for quick review
- OEM/ODM support from sample to shipment
- Strong fit for fashion, travel and online retail

SP1324

CLASSIC SHAPE. REFINED DETAILS.

Design Concept

SP1324 Crafted from high-gloss solid black CP material, this classic cat-eye frame features a sleek upward-flaring silhouette that lifts facial lines and delivers timeless feminine charm. Gradient smoke tint lenses effectively filter harsh glare and block ultraviolet rays. Integrated slim temples maintain consistent glossy texture, with ergonomically curved tips to ensure stable and comfortable long-time wear. CP material boasts excellent shape retention, scratch resistance and lasting surface gloss, resisting deformation and fading in daily use. It is a versatile choice for daily commuting, dating outings and minimalist fashion matching.

SP1326

CLASSIC SHAPE. REFINED DETAILS.

Design Concept

SP1326 This cat-eye square sunglasses is constructed from high-gloss black CP material. The frame features a neat upward cat-eye outline that modifies facial contours and delivers classic retro glamour. It is fitted with purple gradient lenses to weaken strong ambient light and block ultraviolet radiation effectively. The streamlined integrated temples maintain a sleek minimalist appearance, with curved ear tips to enhance wearing fit and stability. CP material provides excellent dimensional stability, scratch resistance and long-lasting glossy finish, resisting deformation and color fading in daily use. It fits daily commuting, outdoor travel and versatile fashion matching.

SM662

CLASSIC SHAPE. REFINED DETAILS.

Design Concept

SM662 adopts classic browline rectangular frame, targeted at urban business men. The front frame uses matte black metal upper rim matched with gunmetal brushed splicing structure, with rivet details on temples for delicate texture. Equipped with gradient smoke lenses, it effectively blocks outdoor glare while ensuring daily viewing clarity. With adjustable silicone nose pads and ergonomic curved temple ends, it delivers comfortable anti-slip wearing experience. Minimalist and low-key styling fits driving, commuting and light business occasions, highlighting restrained premium temperament.

SP477E

CLASSIC SHAPE. REFINED DETAILS.

Design Concept

SP477E Rooted in retro eyewear aesthetics, this rectangular frame is molded from polished tortoise CPX with organic marbled grain across the entire structure. Minimal silver stud embellishments accent the front rims, complementing solid green tint lenses that cut harsh glare and UV interference for crisp outdoor sight. Extended temples follow a streamlined shape with subtly bent tips, maintaining a snug fit against the temples while reducing pressure during prolonged wear.

SP625

CLASSIC SHAPE. REFINED DETAILS.

Design Concept

SP625 Inspired by the timeless Wayfarer silhouette, the frame is molded from glossy tortoise CPX material to inherit iconic retro styling. Signature gold metal pin details are set at the front edges as classic identifying elements, matched with dark green polarized lenses to block ultraviolet radiation and scattered reflective glare. Full integrated tortoise temples feature natural curved tips, delivering stable grip and all-day comfortable wear with versatile daily matching.
